Laser Battle

ZACCARIA®

introduces

DISTRIBUTED BY

1 The mission begins: the ship can be piloted towards any point and it shoots lasers in four directions.

2 The yellow zone is full of meteors. They have to be hit while avoiding collisions.

3 Admittance to the red fortress to destroy the meteors; be carefull to the enemy missiles and to the fuel level.

PHASE

4 Along the tunnel of fear: against monsters, insects, erupting vulcanoes and finally against meteorites.

5 Fire against the spacial Polifemo: his membrane grows again it not frequently hit.

6 The "X Rays" eye: once it has been hit four times, the mission starts again.
